UNDERWRITING IRELAND

COVERALL INSURANCE

Coverall Ireland is specifically designed to provide a solution to brokers and clients for those risks which are unable to be placed or are struggling to be placed within the standard household market.

Whether it be an owner occupied property with an element of business use or a property which is let to tenants we're able to consider terms for an array of unusual and non-standard risks.

TARGET MARKET

Coverall Ireland is an Open Market product designed to help brokers in placing those more difficult household insurance risks by providing an adaptable approach to risk appetite and underwriting stance.

WE CAN LOOK TO ACCOMMODATE RISKS WHICH INCLUDE:

- Business use
- Claims history
- Construction
- Gap in cover
- Protected structures
- Residential let properties
- Commercially let properties
- Second homes / holiday homes
- Unoccupied properties

We at Prestige Underwriting Services (Ireland) Ltd understand the need for a flexible approach when it comes to risk appetite. We have a team of underwriters with a wealth of non-standard expertise and knowledge to assist you with securing cover and terms for risks many insurers consider to be too high risk.
